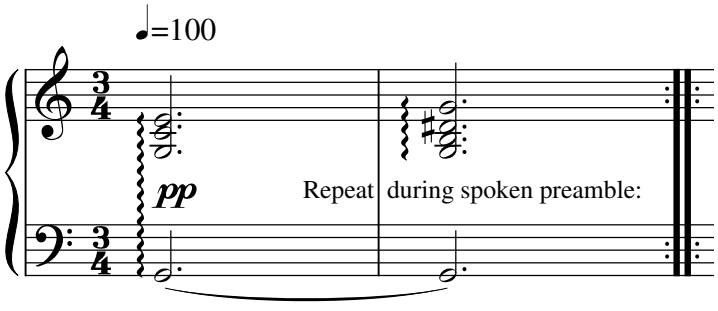
**Preamble (dreamily, sotto voce)**



"When Mike Thompson asked me to play something, I thought of
the warm south of France --- the wine pressed from the ripened grape,
le parfum d'Armagnac --- and I said I'd like to play a
little piece at the end of the evening, suitable for slowing down,
for seeing things through rose-tinted spectacles,
for thinking of loved ones. This little piece --- a sort of
slow waltz or gymnopédie --- is made out of Rosanne and Douglas's
phone number and a few other bits and pieces, and was
written specially for this occasion.
It works best if everyone sways gently from side to side, like this...."
