**Centre for Mathematical Sciences, Cambridge CB3 0WA**

09:30 Introduction:

- Cllr Lewis Herbert (Cambridge City Council)
- Cllr Pippa Heylings (South Cambs DC)

09:40 Thought-provoking presentations:

- Spatial implications of zero carbon - [Dr Elisabete Silva](#) (University of Cambridge)
- Implications for biodiversity – [Dame Fiona Reynolds](#) (Emmanuel College)
- What housing will we need? – [Stephen Hills](#) (Cambridge Housing Society)

10:30 Coffee

11:00 Give us your views

- What might a zero-carbon future mean for how the city will relate to its green hinterland?
- How can the Local Plan help us to achieve the target to double the amount of species rich habitats by 2050?
- How can the Local Plan better provide for the housing needs of key workers and older people?

11:45 Report back and discussion: Cllr Pippa Heylings

12:50 Conclusions: Cllr Lewis Herbert
