

The view from Cambourne

***‘Discover a new way of life’***

***‘A new community  
created for the twenty first century’***

***‘A greater sense of belonging’***

***‘A complete new lifestyle on your doorstep’***

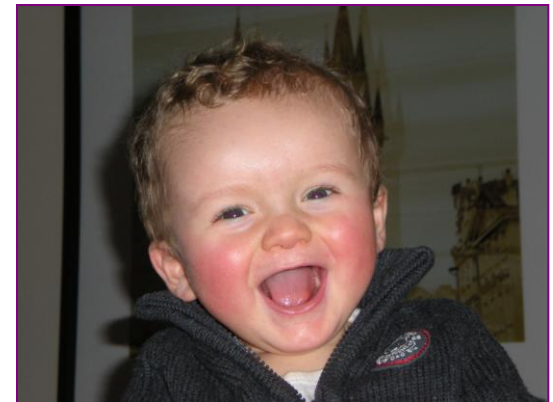

**CAMBOURNE**

**MORRISONS**

# A digital community

The  
importance of  
a sense of Place  
& Green Space  
for Well being

## Community Consultation Jan-March 2012~

- Lack of community space -300 groups only 6 spaces to hire
- Concern about young people
- Participation of those whose first language not English?
- Desire for more community wide events
- General issues of dislocation

## **‘Cambourne –A place to live’**

*“An excellent health care system, a library, a post office, a regular bus service, 2 excellent primary schools, a supermarket and several local eateries, the Wildlife Trust to look after the green spaces...The church are well established, having originally provided the first and the only (at the time) community space.”*

The Cambourne Crier May 2009
