

DEVELOPMENT OF THE EAST OF ENGLAND: How can we avoid throttling the goose?

A one-day event on 17th September 2009 organized by the Cambridge Preservation Society in partnership with Cambridgeshire Horizons, Cambridge University, East of England Civic Societies, East of England RSA and Shape East

The East of England region is hugely important to the economy of the country, but we need to make sure that its expansion preserves its attractiveness as a place in which we live and work. The event will re-assess the process by which the development of the region is planned and seek to inject new vision into it.

PROGRAMME (17th September 2009)

Centre for Mathematical Sciences, Wilberforce Road, Cambridge.
Chair: Nigel Brown (Greater Cambridge Partnership)
